Hi David. I still support you and believe you have the legal power to shut Beachwood drive except to residents only.

My neighbors have provided you will ample information about the dangerous conditions that now exist.

Post police officers at the Beachwood village and make arrangements with the market to allow non resident cars to turn back down to Franklin.

David.. Make a decision today.

You have the authority. Turn back the cars and people that are creating a dangerous situation.

Please reply to me of your taking action.

I supported you with a elect David Ryu contribution and put elect signs in my yard for you.

Because I Believe In you.

Thank you.

It is so unfortunate that our residents plead for immediate help and these elected officials just sit and wait until the heat is taken by another city department before the elected official even starts to talk about a plan. Then too add insult to injury we will all wait longer. All I hear is what Griffith Parks says. They do not live here, nor do they share our burden. They and other areas need to, we carry all of it.

Not a tough decision for Ryu, but one he continues to delay. Who is he serving? it is not me, or you. It feels like he serves his own needs first.

And that folks is LA insider politics.

Thank you
